The Director
Neumode Design & Construction Pty Ltd
60 High St
Glen Iris Vic 3146

Dear Michael,

Pia and I would like to pass on our thanks and gratitude for all of your help in relation to the restoration and renovation of our now beautiful home. From the very beginning, including the pre purchase inspection, you and the Neumode team have been supportive, professional and courteous to deal with and made a stressful time of our life relatively smooth sailing.

I particularly want to thank you for the assistance you have provided us with post construction, including always attending to the minor issues that have arisen in a timely manner.

Having lived in the house for a while now, we truly appreciate the quality of the construction and the space we have to live.

All of the family, including the kids, are wrapped with the final outcome!

Pia and I would have no hesitation in recommending you and the Neumode team.

Best of luck in the future.

Kind Regards,

Stuart Major
